

Revive

Our Revive team is comprised of experienced student advocates from across different faculties.

Revive is committed to utilising WUSA for meaningful student advocacy on issues affecting students at UOW.

We will advocate through the WUSA to:

- Introduce paid placements for university degrees;
- End period poverty;
- Raise the age of independence;
- Increase the accessibility for our physical campuses and university online; and
- Pressure the Albanese Labor government and the University to urgently intervene to prevent and respond to sexual assault and sexual violence on campus.

Furthermore we will fight to improve the overall experience for UOW students.
